

Ivan Palmegiani, MSc

Berlin - Germany

ivan.palmegiani@gmail.com | [LinkedIn Account](#) | [GitHub Account](#)

Phone number and address available on request

Profile

Scientist with strong analytical mindset and very good organization skills. Advanced technical capabilities developed over 5+ years working experience, and intensive training. Excellent communication skills. Team worker, also able to take charge of tasks individually. Highly motivated and positive towards challenges. Solution oriented and careful about details. Constructive critical thinker. Curious and eager to learn.

Expertise

R coding | Python programming | Relational (geo)databases (SQL-PostgreSQL) | Geographic Information Systems (GIS) | Exploratory data analyses (EDA) | Hypothesis testing | Inferential and predictive modelling | Time series analyses and forecast | Data visualization | Data reporting | Research

Professional Experience

Freelance Data Scientist | Quantitative Analyst, June 2018 - Present

[IZW - Leibniz Institute for Zoo and Wildlife Research](#)

PhD Candidate, May 2014 - Jun. 2018 | **Research Assistant**, Apr. 2013 - Sept. 2013

Collect and analyze long time series of geo-referenced and telemetry data with Kernel Density Estimation (KDE), Movement-based KDE (MKDE), Brownian Bridges Movement Models (BBMM), Local Convex Hulls (LoCoH), K-nearest neighbors algorithms (k-NN), Random-walks. EDA and model environmental dynamics with linear and non-linear regression models. Collect and analyze presence-absence data. Relational geo-databases in PostgreSQL. Data visualization and report to stake-holders, team members, and scientific audiences. Write scientific papers. Organize scientific symposia.

[CIBIO - Research Center in Biodiversity and Genetic Resources](#)

Research Assistant, Dec. 2012 - Feb. 2013 | **Research Technician**, Feb. 2012 - Nov. 2012

Collect and analyze GPS telemetry and geo-referenced environmental data. EDA and model presence-absence data with generalized linear models (GLM). Design and maintain relational databases. Report data to stake-holders, team members, and scientific audiences. Write scientific papers.

[Department of Zoology and Evolutionary Genetics, University of Sassari](#)

Research Technician, Nov. 2010 - Nov. 2011

Collect geo-referenced environmental data. Collect and analyze bio-acoustic data. Collect and analyze presence-absence data. Camera-trapping surveys. **Teaching experience:** lecturer on wildlife survey/monitoring methods.

Education

Master of Science (MSc), Jul. 2010 *Environmental science and natural resources management*, University of Sassari. Grade: 110/110 *cum Laude*

Environmental modelling, statistical inference, advanced statistical theory, zoocenosis and wildlife conservation, wildlife management, genetics, plant conservation, environmental economics, systems ecology, landscape ecology, regional geology, sedimentology.

Languages

English (IELTS certification level C1) • German (TELC certification level B1) • Italian (mother tongue) • Spanish (fluent) • Portuguese (fluent).

Hobbies and interests

Outdoor sports and activities such as climbing, bouldering, hiking, biking, canoeing, camping • Indoor gardening • Urban farming • DIY and Handicraft • Music and Arts.
